

Ordinance No. 2016-053

City of Minneapolis

File No. 16-00470

By Bender and Reich

Amending Title 20 of the Minneapolis Code of Ordinances relating to Zoning Code.

The City Council of the City of Minneapolis do ordain as follows:

Section 1. That Section 525.520 contained in Chapter 525, Administration and Enforcement, be amended to read as follows:

525.520. Authorized variances.

Variances from the regulations of this zoning ordinance shall be granted by the board of adjustment, city planning commission, or city council only in accordance with the requirements of section 525.500, and may be granted only in the following instances, and in no others:

(1) To vary the yard requirements, including permitting obstructions into required yards not allowed by the applicable regulations.

(2) To vary the lot area or lot width requirements up to thirty (30) percent, except for the following uses, where the maximum variance of thirty (30) percent shall not apply.

a. To vary the lot area or lot width requirements up to fifty (50) percent for schools, grades K-12, located in the OR2, OR3 and commercial districts.

~~b. To vary the lot area or lot width requirements up to fifty five (55) percent for newly constructed two-family dwellings located in the R2B District, provided the surrounding properties are primarily two-family dwellings developed on lots similar in size to the proposed development.~~

(3) To vary the gross floor area, floor area ratio and seating requirements of a structure or use.

(4) Unless otherwise controlled by conditional use permit, to vary the height requirements for any structure, except signs, provided that the total floor area ratio on the site shall not be exceeded, and provided further that the maximum height of any accessory structure shall not exceed sixteen (16) feet or sixty (60) percent of the height of the structure to which it is accessory, whichever is greater. The maximum height of a detached accessory dwelling unit may be varied, provided that the height of the detached accessory dwelling unit shall not exceed the height of the principal structure.

- (5) To permit an increase in the maximum height of a fence.
- (6) To vary the applicable minimum and maximum number of required off-street parking, stacking or loading spaces.
- (7) To increase the percentage of required parking spaces that may be satisfied by providing compact spaces.
- (8) To permit parking that cannot comply with the location requirements for on-site parking, as specified in Chapter 537, Accessory Uses and Structures, and Chapter 541, Off-Street Parking and Loading.
- (9) To increase by not more than five hundred (500) feet the maximum distance that required parking spaces are permitted to be located from the use served, and where off-site parking is prohibited, to allow off-site parking up to five hundred (500) feet away.
- (10) To vary the location of off-site parking, as specified in Table 541-5 Location of Off-Site Parking, provided such off-site parking is not located in a residence or office residence district.
- (11) To increase the maximum number of vehicles permitted to be parked outdoors.
- (12) To vary the minimum width of single or two-family dwellings and multiple-family dwellings of three (3) and four (4) units provided the dwelling is located on a zoning lot existing on the effective date of this ordinance that is forty (40) feet or less in width.
- (13) To increase the maximum allowed length of a recreational vehicle, or to permit the parking of such vehicle outside the rear forty (40) feet of the lot, as regulated in Chapter 541, Off-Street Parking and Loading. In no case shall the variance allow such vehicle to exceed thirty-five (35) feet in length.
- (14) To reduce the minimum required width of parking aisles or to increase the maximum width of driveways in any zoning district, as regulated in Chapter 541, Off-Street Parking and Loading, or to reduce the minimum required width of driveways in the residence and OR1 Districts from ten (10) feet to eight (8) feet, provided there is no alley or alternative public access to the lot.
- (15) To vary the maximum lot coverage and impervious surface coverage requirements.
- (16) To vary the surfacing requirements of Chapter 541, Off-Street Parking and Loading. Factors to be considered in varying the surfacing requirements for the industrial districts shall include but not be limited to the following: The yard and parking uses are in the same area; use of heavy equipment will cause excessive hard surface breakup; parking movements are infrequent; the area is distant from other nonindustrial zone uses; or water infiltration is ecologically desirable.
- (17) To permit development in the SH Shoreland Overlay District on a steep slope or bluff, or within forty (40) feet of the top of a steep slope or bluff.
- (18) To permit development in the SH Shoreland Overlay District within fifty (50) feet of a protected water.

#3

(19) To permit alternative forms of flood protection for uses and structures located in the FP Floodplain Overlay District, provided no variance shall permit a lower degree of flood protection than the regulatory flood protection elevation for the particular area or permit standards lower than those required by state law. In areas designated as AO zones on the flood insurance rate map, a variance may be granted to the requirement that buildings be elevated to one (1) foot above the elevation of the ground surface prior to construction next to the proposed walls of the building, provided the application includes a detailed hydraulic analysis that supports such variance as sound floodplain management and a letter of map revision from the Federal Emergency Management Agency.

(20) To vary the standards of any overlay district, other than the SH Shoreland Overlay District or the FP Floodplain Overlay District.

(21) To vary the number, type, height, area or location of allowed signs on property located in an OR2 or OR3 District or a commercial, downtown or industrial district, pursuant to Chapter 543, On-Premise Signs.

(22) To vary the development standards of Chapter 536, Specific Development Standards and Chapter 537, Accessory Uses and Structures, except that specific minimum distance and spacing requirements may be varied only to allow for the relocation of an existing use where the relocation will increase the spacing between such use and any use from which it is nonconforming as to spacing, or will increase the distance between such use and any protected boundary or use from which it is nonconforming as to distance. Further, the owner occupancy requirement for accessory dwelling units shall not be varied.

(23) To vary the limit of one (1) principal residential structure per zoning lot for structures located in the R2 District existing on the effective date of this ordinance, provided at least one (1) of the structures shall have a minimum of six thousand (6,000) square feet of floor area.

(24) To permit development on a zoning lot existing on the effective date of this ordinance that cannot comply with the requirement of frontage on a public street, where it is determined that there is sufficient access to the property without such frontage.

(25) To vary the screening and landscaping requirements of this zoning ordinance.

(26) To vary the enclosed building requirements of this zoning ordinance.

(27) To vary the minimum sign spacing standards and nonconforming sign area credits requirements of Chapter 544, Off-Premise Advertising Signs and Billboards, to allow the relocation of an existing off-premise advertising sign of the same or less square footage, where removal of the sign is necessary to allow a development that includes not less than thirty (30) housing units that meet the definition of affordable housing, or to allow a mixed-income development of not less than thirty (30) housing units that receives city financial assistance, or to allow a capital improvement project of a governmental agency. An existing off-premise advertising sign shall include but not be limited to a sign existing on June 17, 2002.

(28) To vary the width and location restrictions on attached garages facing the front lot line for residential uses.

(29) To vary the development standards of Chapter 535, Plazas.

(30) To vary the requirement for enclosed off-street parking for new single- and two-family dwellings established after November 1, 2009.

(31) To permit curb cut access to the street for properties with an alley that serves a single- and two-family dwelling or multiple-family dwelling having three (3) or four (4) units.

Section 2. That the Residential Uses section of Table 546-7 contained in Section 546.370 of Chapter 546, Residence District, be amended to read as follows:

Table 546-7 R2 Lot Dimension and Building Bulk Requirements

Uses	Minimum Lot Area (Square Feet)	Minimum Lot Width (Feet)	Maximum Floor Area Ratio (Multiplier)
RESIDENTIAL USES			
Dwellings			
Single-family dwelling	6,000	40	0.5 or 2,500 sq. ft. of GFA, whichever is greater
Two-family dwelling	12,000 <u>6,000</u>	40	0.5 or 2,500 sq. ft. of GFA per unit , whichever is greater
Congregate Living			
Community residential facility for six (6) or fewer persons	6,000	40	None
Emergency shelter serving six (6) or fewer persons	6,000	40	None

Section 3. That the Residential Uses section of Table 546-9 contained in Section 546.430 of Chapter 546, Residence District, be amended to read as follows:

Table 546-9 R2B Lot Dimensions and Building Bulk Requirements

Uses	Minimum Lot Area (Square Feet)	Minimum Lot Width (Feet)	Maximum Floor Area Ratio (Multiplier)
RESIDENTIAL USES			
Dwellings			
Single-family dwelling	5,000	40	0.5 or 2,500 sq. ft. of GFA, whichever is greater
Two-family dwelling, existing on January 1, 1995	5,000	40	0.5 or 2,500 sq. ft. of GFA, whichever is greater
Two-family dwelling, established after January 1, 1995	10,000	40	0.5 or 2,500 sq. ft. of GFA, whichever is greater
Cluster development, existing on January 1, 1995	15,000 or 2,500 sq. ft. per dwelling unit, whichever is greater	80	0.5
Cluster development, established after January 1, 1995	15,000 or 5,000 sq. ft. per dwelling unit, whichever is greater	80	0.5
